BISCAYNE COLLEGE ● LOGOS 1984

Biscayne College. We say it every day. Do we really know what's behind our name? Basically Biscayne is a school which was born from a handful of people who were forced to abandon Villaneva University in Cuba. When the Augustinians and a few professors came to America Archbishop Carroll requested that they pioneer a Catholic college in Florida. Biscayne College continues to grow. The library was merely our first step. Soon a law school will be erected as a neighbor to the library. The International School of Law will make Biscayne eligible for University status. The Biscayne in Spain program was also a new beginning for our school, going back to the country in which our name originated.

LOGOS '84 will bring you through our school year and point out the many rebirths of our institution through both words and pictures. LOGOS gives you a complete view of the Biscayne College community from the fun-filled weekends, through the sometimes endless days of school.

You won't just find highlights of the year, for much of the book consists of typical occurrences. What makes these pages so special is that you will see how our school is ever changing while climbing the ladder of our commitment to excellence.

Volume 19

CLOCKWISE: Detty Moore looks up the scores for her Spo-Ad class; Bobby Restivo looks on as the soccer team wins another one; It seems that Margaret Morris is having a "Smurf attack!"; Matt Ellis and Sarah Stover reminisce about their trip to Spain; Gisella Bedolla, Marylis Cuevas, Julio More, and Martha Arquimbau stand in SCB after buying their books; Dr. Veron Walters, U. S. Ambassador-at-large talks to students and faculty after the academic convocation that he spoke at.

COUNTER-CLOCKWISE: It seems that computer programming gets to the best of us as shown here by Laurie Graham; Mansoor Al-joodi reads up for his next class in the library; There are many paths leading to our future; Bobcat pitchers Mike Mawhinney and Fernando Zarranz discuss pitching strategies for the next inning; The Miami Dolphins are a familiar site on the Biscayne campus.

CLOCKWISE: Kent Gifford ponders the various degrees of Abstraction while Fr. Sullivan explains it in an ethics class; Mike FitzPatrick, Dan Moran, Chris Hagan, Donn Taylor, Mark Savercool, Jim Majeski, John Griffin, Marty Mack, Jose Rivero, and Randy Clark - alias SKIDROW!

CLOCKWISE: Garry Williams, Julio Rivera, Daryl Lester, and Rick Sanchez obviously enjoy having dinner at Fr. Pat's apartment!; Dr. Philip Reckford enjoys a leisurely discussion with Maria Miquel and Carlos; John Coyle heads the ball away from a Palm Beach Atlantic defender.

ABOVE: "Biscayne in Spain" in front of the Spanish Monastery El Escorial which houses the university where the classes are held; RIGHT: Bob Wilson gets comfortable on his couch while studying computers.

CLOCKWISE: Fr. MacDougall assists David Michaud in adding a class; Bobcat soccer coach Bobby Corish counsols a wounded player; Liz Aviles and Al Madonado strike a chummy pose at the splash-bash; Patty Hreschak cuts away Lisa Guilliouma's split ends.

RIGHT: Karon Anderson completes her experiment in her Quantitative Analysis lab; MIDDLE: Nancy Lombardo speaks with her hands like any good Italian would; BOTTOM: Brew Crew quarterback Glen Evans prepares to throw his pass to Don Francey.

BELOW: Mailroom student worker Lourdes Mendoza stops working for a moment to pose with Juan Mata; BOTTOM: Tom Kardys, Shari Crippen, Harold, Hector Alvarez and Peggy Alvord seem to be enjoying themselves at the splash-bash pool party.

ABOVE: Bobcat tennis coach Vic Johnson practices his strokes; ABOVE RIGHT: Fr.s McCartney and Chambers discuss their sermons for Sunday at the splash-bash; RIGHT: Dr. Berryer assists Susan Gormley in making the right choice on her psychology test.

LEFT: Susan Allen and Clare Morris obviously enjoyed their day at Haulover Beach; BELOW: Louie Martinez and Lynn Morrisey enjoy their Buds at the splash-bash; BELOW LEFT: Gerry Nelson is distracted in a sociology class by a tricky photographer.

CLOCKWISE: Joe Fraumeni, Alex, Fr. Pat O'Neill, and Janet Ribera gather while enjoying one of the many dinners that Fr. Pat had for the resident students; Jack Kelly, Terry Halpern, Joe McKeon, and Dave Faber stop outside Cascia before going to lunch; Dr. Charlie Sevick and Mr. Tom Halloran play a few sets of tennis to end the day; Brew Crew team member Don Francey runs the ball for a first down; Bobcat baseball players A. D. Jackson, George Black, and Randy Milliken watch the batter in anticipation of another hit; Pat Kremp, Gregor McCluskey, and Nick Robales take a break from the annual Nut and Screw party.

BELOW: The Rat is always a good place for friends to gather as shown by Jeanne Wollent, Peggy Murphy, Judy Wollent, and Lourdes Morales. RIGHT: Biscayne days and Chesico nights are times for friends like Lisa Ponzio, Patti Tatar, Beth Glattly, Chris Borsos, and Carolyn Croft to get together. BOT-TOM: The library convocations attracted the likes of the Fabulous Four, Jim Duffy, Rob Familetti, Jimmy "Haus" Trudeau, and Billy McGillis.

The Honors Program at Biscayne College, headed by Mr. Thomas Halloran and Dr. William Casement, offers intensive classes which challenge students to strive harder for academic success. A wide range of classes are offered with a number of them taking in more than one subject. The classes are small and usually in seminar form. Students interested in this program are considered by the Honors Admission Committee before being allowed to enter the program.

The classroom atmosphere at Biscayne is very special, almost family — like you're never a number, everyone calls you by your first name.

Biscayne's size fosters the small intimate classes. There are no large lecture halls with 100 or more in a class, but rather intimate groups where everyone can equally participate in discussions. It is our warmth that sets us apart from other private colleges.

BISCAYNE COLLEGE

Office of the President

May, 1984

Fellow Graduates of the Class of 1984.

Dear Friends:

Warm greetings and encouragement in your future endeavors. You have spent many months and years at Biscayne sharing your life with us; we thank you for the influence your lives have had during this period of growth and development at Biscayne.

Welcome to the family of Biscayne Alumni. You take your place among 4,000 Graduates who are living and working all over the world. They are our family and they like yourselves, hold a very special place in the Biscayne College Community because it was each of you who has in no small way molded the future of this young College. We shall always in some way be dependent on each other: the College's reputation is largely based on the performance of its Graduates and they in turn are so often judged in terms of the college they attended. It is imperative for each of us to grow in excellence. On our part, as we become a University, we continue to promise you our pursuit of quality in learning and living.

Your new career, whatever it may be, will certainly offer man challenges. May they be exciting and may your acceptance of them be rewarding. Among your many experiences during your years at Biscayne, none has been more important than the reality of the community of many persons at Biscayne. We are all under one Father in Heaven. If you keep this reality before you, always nurturing your relationship with God and a deep respect for God's Community-people about you, indeed you will contribute significantly to the making of a better world and surely honor your Alma Mater.

With gratitude and esteem,

J. Pat

Religious Life

Above, Left To Right: Fr. Gerry Shaw, O.S.A. Father Jim MacDougall, O.S.A., Father Marty Smith, O.S.A. Right: Students and Faculty pray together Below, Right: Fr. Gerry Shaw reflects upon the readings.

Religious Life at Biscayne holds a special place. Students, Faculty, Administration, and Staff not only learn together, but we also pray together. St. Augustine held that while the mind and body grew, so too the spiritual dimension must also be nurtured.

Cecelia Bennett instructs the community before the Liturgy. Below: The Campus Ministry choir leads the community in song.

This edition of the Logos is being dedicated to the Augustinians of Biscayne for their loyal service and dedication to the students. We see these men every day, but who are they?

The Order of St. Augustine traces its spiritual heritage back to St. Augustine of Hippo, one of the greatest geniuses of western civilization, who lived in the fourth and fifth centuries, AD. Augustinians who work at Biscayne are concerned with all dimensions of Christian academic living and seek to preserve the spiritual heritage of Christianity through their presence and influence. They take the lead in co-operation with other dedicated Trustees, Faculty, Administrators, and Staff, in focusing the energies of the college on the quality of student life, especially emphasizing the importance of social justice as proclaimed by the Catholic Church.

Now that their Order is more familiar to us let's meet each one personally. We will make light of them in this issue and the remaining others in next year's Logos as part of a continuing series.

Father Paul Kamide, O.S.A. enjoys strenuous out door activities, such as, skiing, and mountain climbing, and hiking.

Father James MacDougall, O.S.A. has a special activity in that he fills the post of Prior of the local community of Augustinians. He is an avid tennis player.

Father Gerry Shaw, O.S.A. is a collector of clowns. He sees clowns as going out to people bringing the "godspell". Clowns are there for everyone to spread happiness and good cheer - a good news that the priest also carries.

Father Cedric Wilson, O.S.A. thinks of himself as a renaissance individual. He receives great pleasure from collecting various art forms. He enjoys traveling so he can see a cross section of various cultures and learn from them.

Father Francisco Rodriguez, O.S.A. takes pictures to make people happy. He can frequently be seen at intramural events taking slides to capture action and movement. His room is decorated with many photos which creates his own expression.

Father James McCartney, O.S.A. goes to the Port Of Miami every Sunday morning and celebrates Mass on the Norwiegan Carribbean Cruise Line's ships. As repayment for his services, the Cruise Line permits him to make cruises. Here he is seen with his Uncle, Father Seary, who has been an Augustinian for more than fifty years.

Campus Ministry

If you should happen to venture through the halls of first floor Kennedy, in search of a place with as much diversity as the students who inhabit the rooms within its walls, then don't pass up the experience of Campus Ministry.

Some describe Campus Ministry as a refuge from the hassles of hectic college life. Others have found Campus Ministry provides a means to express themselves through a variety of conversational topics ranging from casual to more serious subjects concerning social, political, and moral issues. Rap sessions are held each week featuring contemporary issues facilitated by various faculty members. Campus Ministry coordinates the daily and weekly Liturgical Celebrations of the Eucharist for the campus.

Campus Ministry also sponsors many programs, among them, Hunger Awareness Week, Toys for Tots, and semester retreats. Cecelia Bennett is the Director of Campus Ministry, and along with four student workers, she coordinates the Center. The Center is open to all of the Biscayne Community.

Scenes from the life as a commuter

Semester abroad enhances education

Football Spanish style

Some people come to Spain to enjoy the beautiful scenery, others to study the fascinating history of an ancient country; I came so I could participate in my first soccer game.

In America the national sport is baseball, in Spain it is soccer, or *futbol* as it is called here. While in Spain I have decided to live by the old adage, "When in Rome, do as the Romans do." My chance came sooner than I had expected. A few days after we had arrived at the Hotel Miranda our soccer leader, Mike Green, arranged for a game against some local high school and college kids. Needless to say, I wasn't quite ready, but I decided to give it a try. I put on some sweat shorts and an old t-shirt and headed over with Dan, Al, and Gabby to the University of Maria Cristina to learn more about this centuries old - game. I have watched some of Biscayne's soccer games before and have also seen the Cosmos play so I knew a little about the sport, but something here was definitely different. We weren't going to play on a nice field of soft green grass, but on a tennis court made of hard concrete. And something else was wrong. It was the ball. It wasn't very large. In fact it was small, about the size of a Personal Pan pizza at Pizza Hut.

These changes had me wondering if I should have stayed back at the hotel studying my Spanish. I looked for a good reason to get out of playing. It came right at the start. There were only five of us and about fifteen Spanish kids. I seized the opportunity. Since there were too many

people I volunteered to sit out so someone else could share in the fun. But a group of the locals left and I was stuck. One of my comrades from Biscayne also decided he had better things to do and left. I should have been so smart. In order to play a 6 on 6 game two of the Spanish kids came over to play with us. We were now ready to go.

When the game started I was all over the court. I intercepted passes, kicked the ball fairly well, even tried to dribble a little. I said to myself, "Hey, this isn't too hard. This is fun!" Ha! My joy did not last very long. Ten minutes into the game my legs started to hurt and I felt light-headed. My body was punishing me for the abuse I had decided to give it. When I would try to run ten yards my sides would tell me I couldn't. This was crazy. I don't know what made me think that I could run and keep up with these guys. Soccer is not just a hobby here, but a part of their lives — as big a part of their lives as sitting in the Rat with a cold Bud talking about what happened on General Hospital is a part of mine. But I stuck it out and at the half the Americans led 10-9. We should have ended it right there. The problem was, we didn't.

I complained that I would never be able to play another half, but no one would let me quit. I assumed that they were into torture, for after all this was Spain, the land of the Inquisition. After a little while I gave in and decided to play again. I ran onto the court yelling about how tough Americans are and that I would play with pain, no problem. This burst of energy lasted until

the ball came my way the first time. I lined myself up, concentrated on the ball, and . . . missed it! After yelling some things that, thankfully, the Spaniards couldn't understand, I concentrated on the game even more.

Since the guys on the other team had made me look like a fool a few more times by dribbling past me as if I were a statue of King Philip II, I figured that I needed an edge. I decided to play like the great American I am. When they concentrated to shoot I would run at them and yell to distract them. At first it worked well. Little did I know that such actions are considered unsportsmanlike in Spain. The next few times that I touched the ball all that I heard was a bunch of Spaniards yelling at me. At first I thought that they were making fun of my fancy footwork. They really destroyed my concentration, and lucky for them, because I was really starting to get the hang of the game.

Well, my punishment finally ended as the Spanish team broke a 17-17 tie with less than a minute remaining in the game. You might say 18-17, that's not bad — until you look at the box score. What a disgrace: 17 goals, two by Dan Moran and fifteen by the Spanish Benedict Arnolds. Well, at least Dan had the two goals. It saved a little face for us.

As it turned out I had a really good time. Sure, I was out of breath for a while, but it felt good to exercise a little. I didn't feel too much pain, except for the ten or twelve spots where the ball had hit me at 50 m.p.h., and my big toe, which is three different shades of purple because I missed the ball and kicked someone's shin instead.

I said "adios" to my new-found friends and headed back to the hotel as the great yellow sun set behind the dome of the monastery of El Escorial, knowing that with a little time and practice, and a lot of luck, I might some day be able to play this game that we here in Spain know lovingly as *futbol*.

New building offers new dimensions

A dream was fulfilled a year ago when the Biscayne College Library was completed. The five million dollar two story building contains 50,000 square feet. Among the many rooms and offices, the library contains a reference room, reading room, media center, technical process room and a convocation hall which has a capacity of 600-800 people.

The library offers even more to students by enabling them to acquire books through the Southeast Florida Educational Consortium and the Inter-Library Loan Program. Through the Inter-Library Loan Program alone approximately 10,000,000 books are made available to both students and faculty. The Biscayne Library even has its own support group - Friends of the

Biscayne College library lead by President Dorothy Shula. On going art exhibits are displayed in the atrium of the building giving another cultural dimension to our Biscayne Family.

This library is truly the heart of Biscayne College. Margaret Elliston, director of libraries, directs the library staff.

Theatre In Miami Lectures

Miami Dolphins

Biscayne's home team

Most college's football teams belong to the NCAA, but Biscayne's belongs to the NFL! The Dolphins have become a regular part of Biscayne. They've made Biscayne their training camp for the past thirteen seasons.

Running into any of the players is a frequent occurrence. They eat lunch at noon time in the cafeteria and can be seen practicing while you're at the pool.

They're our guest, important guests. Television commercials, TV specials and interviews are shot on campus and our name appears in the sports section frequently because of their presence.

Head Coach Don Shula sets an outstanding example as a Catholic he goes to mass every morning in the chapel. And the Dolphins are one of the few NFL teams to have a chaplain (Fr. Chambers) He's not only helping the Dolphins, but the school as well. He said, "I have tried to help in every way I can in recruitment and my wife is the President of the Friends of the Library."

When you say Miami, you're talking Super Bowl.

CLOCKWISE: Dan Marino, rated as the #1 passer in the NFL, does his warm up stretches; Head Coach Don Shula discusses the Dolphins' winning strategy with offensive line coach John Sandusky; through repetition of plays, practice makes perfect.

'Tis The Season

December is a special time at Biscayne because it is the Advent Season. Everyone everywhere is preparing for Christ's birthday with joyful jubilation! Throughout the halls of Kennedy Wreathes and mistletoes are hung, doors are decorated with fancy wrapping paper and pretty bows. Lights blink on and off and carols are heard over the radio. Beautiful evergreens are decorated with angels and tinsel and topped off with a star. Everyone knows that Christmas is not far. Boxes come in the mailroom with cookies from home. EVERYONE is looking forward to going home to be with their families in celebrating the holidays.

Sandwich Shop

The Sandwich Shop is a service provided by Student Activities. You can find it in the Student Activities Center. It is open seven nights per week. Patrons can find a variety of food and sandwiches, and many goodies that help you defeat your diet. The Sandwich Shop is staffed by students and managed by Soph. Jerry MacDonald.

Activities Lounge

Rat's new look

During the summer of 1983 Biscayne's Rat underwent extensive renovations. The old stage was dismantled and moved to the front. You can even find part of the library there now. The bar was completely redone complete with a brick wall and mirror. A storeroom was added to house a new 6' X 8' walk in refrigerator. Several doors were removed and the old entrance was reopened. The new look on the Rat has fostered a more cozy atmosphere. The Rat now has a real live crowd in it, unlike the last few years. There isn't one night, when the Rat is open, that you won't find something to do or someone to be with.

Convocations

Phillies honor one of their own

The Philly Club honored one of its own when they presented an award for service on the College Board of Trustees to Fr. David Duffy, O.S.A. Duffy, who's term was over after serving twelve years on the board has roots in the Philadelphia area. He was principal at Monsignor Bonner High School for four years as well as being the current Headmaster at Malvern Prep. Many Biscayne students from the Philadelphia area prepped at these schools so it was appropriate for the Philly Club to present the award on behalf of the school.

Sailing Trip

If the wind is right you can sail away

Nobody expected sunshine, not even the weathermen. Many didn't go because of the rain forecast, but for those who did go the rain didn't dampen their spirits because a break in the clouds soon followed.

They sailed south past Key Biscayne in Biscayne Bay for what turned out to be a blissful afternoon. Brian Fitzmaurice sang Jimmy Buffet songs on his guitar, Malcolm Fleming shared a bottle of rum from his home town in Puerto Rico for rum and cokes, some reminisced about their trip to Spain, while others just soaked up the sun.

TOP LEFT: Paola Suarez enjoyed sunning herself on the deck. LEFT: Karin Matt, Mara Bray, Nikola Weiderman, Malcolm Fleming, Lisa Ponzio, Patrick Delaney, Bob Kebler, and Alan Daley relaxing on the bow. ABOVE: Brian Fitzmaurice entertained us with Jimmy Buffet songs.

Biscayne takes first steps
to becoming a University

Ground broken for Law School

On Tuesday, October 11, 1983 Biscayne took another step toward its commitment to excellence. Ground breaking ceremonies were held, in a not-so-traditional style, for the Nicholas H. Morley School of International Law. The ceremony consisted of Father Patrick O'Neill detonating dynamite and literally breaking the ground on which the school will be constructed.

The law school itself is a daring step to take, but it will improve the image of Biscayne to South Florida and it is the first step necessary to make Biscayne a university. In order to achieve university status a school must have a doctrinal or a professional program. This will be Florida's sixth Law School; the first Catholic Law School south of Georgetown University in Washington, D.C.

The Law School, which is scheduled to open its doors in the fall of 1985, will be headed by Dean David Lowry. The school will cost approximately eight million dollars and will contain its own library as well as a cafeteria.

Commissioner Bill Plummer, Senator Paula Hawkins, Metro Mayor Steve Clark and Ambassador Nicholas Morley watch as Fr. Patrick O'Neill breaks the ground with a dynamite blast.

Just a little bit of help from a friend

Many things in life puzzle us and a second opinion for a decision always helps. In class we are sometimes confused and bewildered about things and need help. Nothing helps more than having a friend explain it in his or her own words. Technical jargon can sometimes make matters worse. Caring for others is what makes a friendship special, and at Biscayne we make friends for a lifetime. Whether it is a peer or a member of the faculty, someone is always there to help.

Flag Football

XL Dinkers capture crown

Led by a strong defense and the flashy play of Steve Martin, Bill Stierle and Phil Parcels, the XL Dinkers (aka; Dicks) won their first Intramural Flag Football Championship, defeating the 69'ers 20-6 on Super Bowl Saturday.

Following a tough regular season that saw contenders like the Dawgs, Warriors and Royal Biscayne fall by the wayside, the Dicks did it with "D." Led by the violent front three of Kevin Dougherty, Pat Kremp and Gregor McCluskey, the Dinkers shut down such offensive forces as the Brew Crew and the almighty Sidrow (home of no "O") on their way to a playoff berth.

Several of the leagues outstanding performers included Mark Wilson, wide receiver of the lucky Dawgs, who won the leagues scoring title; Lou Martinez of the Warriors, the leagues leading rusher and John Planek, the leagues leading quarterback. Several of the leagues lesser performers included Buz Bosivert and Kevin Kelly, the offensive minded quarterback-wide receiver tandem that led Sidrow to a 14 points in 7 games output; Dave Faber, leading rusher and player of the week candidate for Royal Biscayne; Karen Matt, outstanding center for the Donnellon Do'ers of the Women's Division; Renato Parada, designated tackler for the Warriors and Warrior wide receiver duo "Bangin' Bobby Restivo and Jamin' Gerry Nelson."

In women's play, Kelly "Stonehands" Michaud led the Mayfair (Good free advertising) Schooners to a 33-6 championship victory over the young Donnellon Do'ers. Michaud scored three TD's in the final and was aided by quarterback Lynn Morrisey, Tracey Richardson and believe it or not, Nancy Lombardo. Mara Brey, playing in her first final, scored the only TD of the season for the Do'ers.

CLOCKWISE: Mara Brey on her way to scoring a touch down for the Donnellon Do'ers; Royal Biscayne quarterback Billy McGillis watches as Dave Faber takes the ball for 7 more yards; Dinkers' kicker Gregor McCluskey executes a punt in perfect form; The fine blocking efforts of the Dinkers cleared the way for Steve Martin to run.

Intramural Basketball

With the advent of winter, it becomes time to put away the gridiron togs and don the old "chucks". Head out to the courts for the Intramural Basketball season. While the final results were not in at press time, league play is progressing at an exciting pace.

Last seasons defending champions, The Burrheads, are led by Jim "Meow" Majeski and Steve Martin and once again should be in the thick of the race to the title. However, the loss of Mark "I was gonna pay the check" Savercool will hurt. A strong graduate student contingent is paced by Supreme Court and the always cocky Dawg quad. Other possible playoff contenders are the XL Dinkers and their awesome front line of "Norman" Dougherty, Pat Kremp and Steve "Happy Hands" Howey; and Jim Trudeau's Royal Biscayne club and their fine point guard, Dave Faber.

There are many other squads with an outside chance of a spot in the 13 team leagues playoff round. The Mad-Hackers, who in early season action proved that they were better suited for play on the diamond, have kept the Commissioners laundry nice and clean with their weekly technical foul donations. The Hacks are also led by the leagues funniest brother act (and a sick act at that), the Milliken's, Russ and Randy - the best Key West has to offer. The 69'ers, when not in custody, are one of the loops better clubs led by Chris Cotter and Joe O'Neill. The U-Nixs are paced by Alvin Kirk and the leagues second best point guard Paul Hennesey. BMOC with a large front line and the hot shooting Lou Avilis are a playoff threat. The Underdogs, Wankers and Last Place (Warriors) are not however.

'Cayne Divers

The 'Cayne Divers Club was founded in 1980 by several Biscayne students. The club sponsors several diving trips each semester, along with overnight camping trips. Presently Susan Gorman and Liz Leuhrs have coordinated the Diving Club. This year the Club has sponsored certification for scuba diving.

Psychology Club

The Psychology Club is an organization that unites students with interest in the field of psychology on a common meeting ground. The club offers Psychology students the opportunity to do field research in their career and see how a career in Psychology can be put to use. The 1983 - 1984 Officers are: President: Carol Santos; Treasurer: Iris More; Secretary: Gisela Bedolla.

The Biscayne College Soccer Team, under new Head Coach Bobby Corish, went into the 1983 season with high expectations. With the return of seven starters from a 13-4-1, '82 campaign and the addition of forwards Walid Al-Rasheed, Bruce Otto and defenders John Hunter and Peter Reid, the Bobcats looked like they were on the brink of soccer stardom.

The Cats ended up with 8-5-0 and two big wins, Rollins College, and the University of Central Florida. Coach Corish was pleased about the season and optimistic for the future. The cats will be losing some key players, six seniors: Musa Njai, (Biscayne All Time Leading Scorer), four year lettermen, John Coyle, Enrique Duboy, Tom Kardys, Jose Lebron, and one year man Bruce Otto. Good Luck in the future, guys.

The "Rah Rahs"

Cross Country

If you were looking for a title for the Women's Cross Country season I'm sure "The Miracle on 32nd Ave." would receive a majority of the critic's votes.

Coach Mike DeLucia, whose teams were the perennial State Champions at McArthur H.S., took the team over two weeks after school began in September. The biggest hurdle Mike had to overcome was the fact that there was no team to take over. Only two runners from the previous team, the Sunshine State Conference Champions, were left. The rest graduated or did not return to school. Coach DeLucia spent the first two weeks putting a team together. Many motivational Tee-shirts, gimics, and miles later, the girls had a team, not just a team, but a team that finished 9th in the NCAA Division II Regional Cross Country championships at Carrolton, Georgia. In a month's time Coach DeLucia had taken a group of joggers and turned them into a crackerjack squad.

Bobcat Batters

This year's Baseball Bobcats have represented Biscayne extremely well. Head Coach Paul Mainieri's men have battled all year with tough conference foes in addition to Division One powers Miami, F. I. U., and Navy. The hot hitting Cats have been led by third baseman Noel Figueroa. Figgy's enthusiasm and high B.A., combined with the power hitting of Troy Starton, have added a spark to the Bobcats offense this spring. In the outfield, Richie Smith has anchored the defense while being joined by A.D. Jackson. Don M'Affee and Ozzie Robinson. The Pitching staff has shown flashes of excellence all season with Bruce Fichter, Mike MaWhinney, and Fernando Zarranz turning in impressive performances as starters. Mike Lewis has been the designated stopper all year with Mike McGarrell, Andy Badolato and Ken Shepherd contributing on the mound. Catcher John DePrimo has delivered timely hitting and strong defensive play to the Bobcat's cause this spring. 1984 will be remembered as an exciting one for Coach Mainieri and Assistants Dave Schrage and Al Avila. Even though the Cats are a young ballclub, next year's outlook looks outstanding

To aptly describe the 1983 - 1984 men's basketball team you would have to begin with the phrase "overachievers". Smaller in height, fewer in numbers, and lacking the overall athletic ability of recent teams, the 1983 - 1984 Bobcats were certainly not lacking in the most important ingredients: heart and determination. The Cats played an early season road schedule that included DePaul and Houston, two of the nation's top five teams in addition to the defending NAIA Champions, College of Charleston, U of Texas, U of Texas, San Antonio, and the U of Florida. Although lacking the scoring punch of recent teams, the Cats were one of the best rebounding and best defense team in the school's history. All Conference performer, Larry Russell and Dane Johnson were consistent leaders in the scoring and rebounding department, while Sr. Center Jeff Peras supplied the defensive leadership on the front court. Soph. Kieth Stibler set the offense in motion and was the assists and steals leader while Sr. Al Maldonado and Soph. Dion Welton added scoring and aggressiveness in the back court.

Dinner is served

Fr. Pat hosts student dinners

Father Patrick O'Neill is one of the few if not the only college president that lives in the dorms and hosts dinners for his students which he personally cooks. This tradition is not only unique but it exemplifies the committment and genuine care that sets Fr. Pat apart from other college presidents. Fr. Pat commented, "We're not just here to teach them but to learn from them also." Dominic Romeo, a transfer student remarked, "It is the first time I have ever seen a president make an effort to really establish personal relationship with his students." Getting to know the students is Fr. Pat's number one priority. "I've learned a lot about and from them."

Each week Fr. Pat invites a group of students from each of the different hall sections to experience a home cooked meal. O'Neill said, "Hospitality for all of us in life is the most important way we can care for each other and by breaking bread together it is the basis of our faith experience."

The atmosphere is relaxed and friendly. The students drizzle in quietly at first but by the end of the night there is laughter and animated conversation. Not only does Fr. Pat grow to know his students better, they themselves get to know each other in a different situation outside the dorm environment. One of the students felt it was a "refreshing and much welcomed change from their usual routine." Overall there is a genuine appreciation from the students for the effort Fr. Pat puts into these dinners,

and this effort obviously pays off the general consensus among the students is that Fr. Pat's cooking rates right up there with good ole mom's!

Cries such as "Roxanne", "Its at 2 Commander" and "Butt Scottt" became the rallying points of the Hall. Some items in the Hall have become historical monuments that

should be preserved for all time — Bob's lounge chair, Bill's refrigerator, the pinochle deck of cards, Old Milwaukee Beer, the Nerf Basketball net, and the darts. And who could forget dinner and movies in Fr. Marty's room, and Hall decorating (We should have won). For all the good times, past, present, and future, Cascia 2nd North would like to thank everybody, especially our girlfriends, Lisa, Denise, Carrie, Tami, Beth Anne, Becky, . . .

Father Marty Smith, affectionately known as the movie king, or better yet, Martyvision, occupies a special place in the dorms. Nightly, Father Marty opens his room to the students for movies, Atari games, dinners, parties, and for a place where everyone can feel home, away from home. Father Marty boasts about having over three hundred movies on tape. Those of us who frequent his room can watch TV on a giant projection screen. Each night you can find up to thirty people scattered throughout the room enjoying the atmosphere, talking, and sharing a little bit of themselves with each other.

Weekends were made for . . .

No matter when their classes began, everybody was always looking forward to their last class of the week and then presto . . . *The Weekend*. Whatever their preference, something could always be found to release all those tensions and help them forget about school.

Plans for the weekend were long underway and all were anxious to start partying. Whether it was a hall party, movies, soccer or basketball games, dances, shopping, football, the Strip, concerts, or going out to dinner everyone lived by Lionel

Richie's words, "Throw away the work to be done . . . everybody's dancing their troubles away . . . we're gonna have a party all night long."

A lot of time was also spent under the sun, either surfing, sailing, skiing, or just plain sun bathing at Hollywood, Haulover, or Crandon beach or by the pool.

Like all good things, the weekends had to end. Unfortunately the end of a perfect weekend meant the beginning of another new school week. But just think, in a few more days it'll be the weekend again!

CLOCKWISE: Linneth Edwards gets a chance to practice her new dance steps at a dance in the cafeteria; Working at the keg is an important job. That is why Matt Gibbons, Dan Gillen, Chris Hagen and Bruce Otto all stand around to help Steve Howey fill the cups; Skidrow loves throughing parties - Carey Lopez, Chris Hagen, Alicia Collopy, Jim Majeski, Gerry Nelson, George Edmundson, Mark Saver-cool and Liz Wysong love going to them; Pat Kremp enjoys a cool dip in the pool; Just because you work the door at a party doesn't mean you miss the fun. Renato Parada, Lisa Crisofi, Guy Paquin, Scott Smith and Rob McQueen seem to be having a party of their own; The many dances gave couples like Terry Gunning and Susie Hylkema a chance to slow dance.

CLOCKWISE: Laurie Graham, Steve Robidoux and Greg Serpe enjoy going to the bonfires; Basketball players play and party together as shown by Jeff Peras and Dion Welton; Bobcat cheerleader Ruby Moss has given Darryl Jordan and Al Maldinado new hair styles; Who are those people behind those "Foster Grants?" (Hint: Nancy Lombardo, Liz Wysong, Gerard Dublin and Bill Saikol; Joe Chambers grew tired of the normal everyday way of walking so he tried walking on his hands!; Couples like Louie Martinez and Lynn Morrissey always enjoy weekends; Volleyball is more fun when it's played in the pool.

CLOCKWISE: Louie, Bottles, and Mark relax around the pool; Donna Hensch and Bernadette Mancini had fun at the Halloween party; The *Bud Man* was a frequent visitor and obviously a favorite one of Margaret Morris'; Fr. Cedric Wilson dances with his partner Malaqui Bedran at the Halloween dance; There seems to be "standing room only" left at the pool!; Weekends and the Mayfair were made for each other just like George and Tracey; Fellow graduate Spo-Ad students Bob Krauchuk, Jimmie Day, and John Planek danced the night away at the Fall Fest; Richard Raven and Harold DeFreitas found the perfect combination for relaxing - sunshine and Old Mills!

“Come join our party and
see how we play”
