There may be an option to select a **Drug Screen Location** depending upon your choice of package(s) at the beginning of the order.

You can change the zip code depending upon your location preference. You will have to select a site by clicking on the box next to the address. Click **Next** to confirm, then **Finish**. You will see your Registration ID, then you will have to click **Continue**.

After you have completed your online order application American DataBank will email you Drug Screen Registration confirmation. If you have paid for your background check via money order, American DataBank will not email your Drug Screen Registration confirmation until this has been received. Detailed instructions on how to complete this portion of your background check will be included in your Drug Screen Registration confirmation. Once you register for a location you may go to another location if you choose to as long as it is the same vendor who is doing the drug screen. If you have additional questions please call American DataBank at 1-800-200-0853.
