Customer Service Representative/Public Relations

EXPERIENCE

2020 – PRESENT

ASSISTANT PROFESSOR OF BIOLOGICAL SCIENCES,
ST. THOMAS UNIVERSITY (STU)

Assistant Professor of Biological Sciences, biology I and II lecture and lab and anatomy/physiology. Present lectures and labs according to course curriculum and syllabi. Organize and coordinate biology labs and experiments according to topics to be covered. Teach on-line and blended courses via Zoom and Canvas. Curriculum development and organization. Provide students with tutoring and assistance with courses. Advise students with program/course selections and registration.

2021 – PRESENT

ADJUNCT INSTRUCTOR OF NATURAL SCIENCES,
MIAMI DADE COLLEGE (MDC) – HIALEAH CAMPUS

Adjunct instructor of Biological Sciences, Anatomy/Physiology I & II lectures and labs, and Chemistry/Biochemistry. Present lectures on all aspects of the human body and perform corresponding lab experiments. Curriculum development and organization. Provide students with tutoring and assistance with courses. Advise students with program/course selections and registration.

2020 – 2022

STANDARDIZED PATIENT/MEDICAL EDUCATOR,
UNIVERSITY OF MIAMI MILLER SCHOOL OF MEDICINE (UM)

The Standardized Patient/Medical Educator reports directly to the Medical Director and Assistant Director of the Gordan Simulation Center of the University of Miami Miller School of Medicine. The major responsibility of the SP/ME is to portray all the characteristics of a real patient, simulating the signs and symptoms. SP's will be physically examined by students and faculty as part of the medical students learning experience. They will provide constructive feedback to medical students and colleagues and must be comfortable having repeated physical examination maneuvers performed on self. The SP will simulate all aspects of scenarios, including history of current problem, affect/behavior and physical findings, in a standardized, accurate, and reliable manner and accurately and consistently complete checklists as well as accept ongoing feedback from facilitators and incorporate into case simulation.

2014 – 2019
