INTRODUCTION

The primary responsibility of the accounts payable/purchasing department is to manage the process of procurement and payment for the goods and services required for the operation of the university. This process must be administered in accordance with stated policies and procedures to assure fiscal responsibility and optimum use of the university's resources. Our strategy for fulfilling this responsibility includes:

- Managing the various functions of the Accounts Payable/Purchasing department through diligent adherence to the AP/Purchasing policies and procedures.
- Working cooperatively with University administrators, faculty and staff to assure that their department requests are processed in both an efficient and timely manner.
- Informing the St. Thomas University ("STU") Community of Accounts Payable/Purchasing policies and procedures to ensure employee compliance.

In order for us to accomplish our responsibilities as described above, we need the support of the STU Community. We ask that all administrators, faculty and staff review this material and make every effort to adhere to the stated policies and procedures. Together we can improve the efficiency of the purchasing and payment process.

If you have any questions or concerns, please contact Margaret Allen at (305) 628-6513, or Jeffrey Trujillo, AP Assistant at (305) 628-6609 for an appointment to discuss your issues. This will assure sufficient time to assist you.

Thank you for your cooperation.

UNIVERSITY FORMS
Description and Purpose

Purchase Orders

The preferred method of payment is the P-Card. However, if the P-Card cannot be utilized, then a Purchase Order or a Blanket P.O. can be issued.

Purchase Order Requisition

- ✓ **A Purchase Order (P.O.) request, (aka Requisition)** - is to be used to order supplies, equipment and services for the University whenever the purchase is for a one-time occurrence and it is not possible to use the P-Card. Only goods or services over \$1,000 should be purchased with a P.O.
- ✓ The designated employee in the Department begins by preparing a Purchase Requisition.

A properly completed Purchase Order Request must include the following:

- ✓ Complete Vendor's name, address, telephone number, and contact person.
- ✓ The General Ledger number with the proper budgetary codes to fit the expense.
- ✓ A clear description of the purchase, including the item number (reference number) when available. Attach all supporting documentation for the purchase.
- ✓ The purchase price and quantity, which should be extended to each total line. Please remember to include any shipping and handling charges. In cases where the exact cost is not available, an estimated cost will suffice. If there is no check needed with the order, there is no need to attach backup documentation, unless it is needed for clarity's sake.
- ✓ The signature of the Budget Manager. The completed form is forwarded to the Department Head and the Budget manager for review of the items requested, the GL coding, and to verify sufficient funds are available.

It is the responsibility of the originating department to obtain the lowest possible price for the item or service. For items over \$1,000 bids must be available for review. If help is needed, please contact the Purchasing Department, Ext 6513 or 6609.

- ✓ The AP Department will verify GL coding, signatures and funds availability.
- ✓ If funding is not available, the Purchase Request will be returned to the originating department.
- ✓ Please do not attach any budget transfers to your Purchase Order Request, as these forms must go directly to the University Financial Analyst for processing.
- ✓ To ensure that funds will be available to process your request, if possible wait three business days after submitting a budget transfer to Accounting before forwarding any requests from that budget line.
- ✓ Upon receipt of the invoice, please ensure the PO / BPO number is recorded correctly on the invoice. To complete payment, the invoice must be stamped with the Payment Approval Stamp and signed to verify receipt of goods or services then forwarded to the Accounts Payable Office for payment in 30 days from invoice date. If the department is missing a stamp the words OK to Pay, with date and signature will also serve to corroborate delivery.

The printed Purchase Order will be scanned to the requesting Department. It is the responsibility of the initiating departments to forward the Purchase Order to the vendors and place their orders. The Purchase Order should arrive in five business days as long as the request was properly completed and funds were available.

Orders for any items that have been approved by OIT, (computers, printers, software, etc); will be placed by that office.

- ✓ **Purchase Orders requested from Federal Grant Funds** – suppliers will be verified through the government Excluded Parties List System then forwarded to the Grants Accountant or Accounting Manager for approval before the Purchase Order is issued.
- ✓ **A Blanket Purchase Order** – If the P-Card cannot be used, then a Blanket Purchase Order is to be used for the encumbrance of an annual amount of funds for a Vendor when there are recurring charges for the same General Ledger code and Vendor.
- ✓ A Blanket Purchase Order is preferred over a single purchase order request. This will cut down on both the paperwork required and will enable you to order items when you need them with only one request. When invoices are received, the originating Department should reference the correct Blanket Purchase Order number on the invoice, signoff on the Payment Approval Stamp and submit the invoice to the Accounts Payable Department for payment.

- ✓ Please forward all packing slips bills of lading and delivery receipts to AP. Should you receive an original invoice, please verify that the PO/BPO is referenced and use the payment approval stamp supplied by your department. Do not forget to complete and sign the stamped form.
- ✓
- ✓ Please do not withhold invoices; forward the approved invoices to AP upon receipt to avoid delaying payment to the vendor.
- ✓ Vendors are paid 30 days from the invoice date. Please do not make any other payment arrangements before consulting with AP.
- ✓ **Invoices to be paid from Federal Grant Funds** will be forwarded to the Grants Accountant or Accounting Manager before payment is issued

Emergency Purchase Orders – While we would like for everyone to follow the normal process for obtaining a purchase order, we understand that on rare occasions an expedited process must take place. Examples of occasions when emergency purchase orders will be issued include times when:

- ✓ Classes or student services will be interrupted.
- ✓ The health or safety of the community, employees or students of the University will be endangered if there is a delay in resolution of the situation.
- ✓ An immediate repair would reduce the risk of a more extensive repair.
- ✓ Upon determining that a legitimate emergency exists, an emergency Purchase Order number will be assigned, after the proper authorization signatures are obtained by the department.
- ✓ The requesting department will immediately forward the Requisition to the Accounts Payable Department. A Purchase Order number will be assigned, and the department will then pass that information to the vendor.

Remember! Prior to seeking a rush check or Purchase Order inquire if the vendor will accept the University Visa Card! The Dean/Assistant Dean of each school and college is in possession of a University Visa Card which can be accessed when necessary.

Check Disbursement Request

This form should be used in the following instances:

1. When a Vendor will not accept our P-Card or the use of a Purchase Order to complete a request.
2. For personal reimbursements and should be submitted along with a travel expense form if travel is involved, membership dues, periodicals and subscriptions.
3. To pay an invoice when a PO/BPO has NOT been issued
4. To prepay registration fees, hotel and other travel expenses; be sure proper backup is attached.
 - a. Completed registration form
 - b. Conference information
 - c. Hotel quote

A properly completed Check Disbursement Request must include:

- ✓ The date the form is filled out
- ✓ Complete Vendor's name, address, telephone number, and contact person. If this is a new vendor we have not used before, you may be requested to obtain a W9 form with the Employer Identification Number for verification of tax status.
- ✓ The date payment is needed recorded under Special Handling Instructions, (Note our normal terms are 30 days after the invoice date)
 - **Please note that the University pays 30 days from the invoice date. All requests for payments outside of this 30 day period must be submitted to the Accounts Payable Office 7 business days prior to the once a week Friday check run.**
- ✓ A short description of the purchase or service with the invoice number and amount due.

- ✓ Proper supporting documentation is essential in processing your request. The originating department will need to attach an original invoice stating the exact amount to be paid. Use of the Payment Approval Stamp or the notation “ok to pay” and a date and signature to verify receipt of goods/services is required on all invoices submitted to the Accounts Payable Department. The University will only pay from original invoices (or in the case of prepayments, from original quotations).
- ✓ The signatures of the Requester and Budget Manager are required, and must be dated in the space provided to avoid delay in processing the request.
 - Remember to verify funds are available and that the GL # matches the payment purpose: travel, supplies, dues, etc.
 - If monies are not available in a fund 1 account, (the actual University budget), the request will be honored, however you must process a budget transfer to make up for the shortage.
 - Payment/PO requests for funds 2 and 6 without monies available cannot be entered and will be returned to the department unprocessed. Any other payment arrangements must be coordinated with the Controller's Office.
- ✓ **Check Disbursement Requests from Federal Grant Funds** – vendors/payees will be verified through the government Excluded Parties List System then forwarded to the Grants Accountant or Accounting Manager for approval before the payment is issued.
- ✓ **Invoices/reimbursements to be paid from Federal Grant Funds** will be forwarded to the Grants Accountant or Accounting Manager before payment is issued
- ✓ Please note: **all contracts for financial commitments must be signed by the VP of Administration prior to being submitted to AP.**

Please note: our Fiscal Year runs from July 1 2019 to June 30 2020. Payments made in FY 20 for events travel, memberships, subscriptions etc that do not take effect until the next fiscal year will be paid as usual but expensed from the prepaid budget line so they may be recorded in the correct fiscal year.

1099 Vendor Check Request

This form of payment is used to pay individuals who are not employees of St Thomas University (independent contractors).

Taxes are not deducted from an independent contractor's check. The employer also does not have to pay payroll taxes, the minimum wage or overtime, comply with other wage and hour law requirements such as providing meal periods and rest breaks, or reimburse workers for business expenses incurred in performing their jobs. Additionally, the employer does not have to cover independent contractors under workers' compensation insurance, and is not liable for payments under unemployment insurance, disability insurance, or social security.

- ✓ It is the independent contractor's own responsibility to file income taxes with the IRS each year and to pay taxes at that time.
- ✓ Prior to payment, these requests are to be submitted to the Payroll Department for approval. This is to ensure that the individuals being paid are not employees of St. Thomas University.

1099 Vendor Payments

On occasion it is necessary to process payments for individuals who have provided a service to the University and are independent contractors, meaning they are neither University employees nor registered as a business. In order to process payment the following forms must be submitted:

- ✓ 1099 Check Request
- ✓ A completed, signed W-9 Form reflecting the individual's social security number and current address
- ✓ An invoice, contract, or agreement for services, and a description of the services to be performed.
- ✓ The GL object (middle) coding for independent contractor payments is "46000". As always, please be sure you have funds available prior to submitting your payment request.

Note: Because the potential liabilities and penalties are significant if an individual is treated as an independent contractor and later found to be an employee, each working relationship should be thoroughly researched and analyzed before it is established.

Please refrain from making any out of pocket purchases whenever possible so that we can take advantage of our tax exempt status.

All grant purchases must be tax free as grants will not reimburse St. Thomas for taxes paid. Any out of pocket purchases made with grant funds and submitted for reimbursement will have taxes deducted from the total.

TRAVEL REIMBURSEMENT POLICIES:

Use of Personal Funds for Travel on University Business

OPTIONS:

Each division has access to a University Visa card: this department card can be used to cover registration fees, airline tickets, and room charges. If for any reason the department P Card is unavailable, a check can be printed to cover room and registration expenses, as long as the properly completed forms and backup are received in AP 7 business days before the regularly scheduled Friday check run.. Should you find it necessary to purchase airline tickets on your own for University related travel, or pay a registration fee out of pocket, please be aware that you will be reimbursed for these charges **after** the trip has taken place.

We advise against use of personal funds whenever possible. If payment is made by University check or P card we would not have to pay taxes on the purchase resulting in a cost savings to the University.

To be considered for reimbursement, check requests must be submitted within 30 days of the expense or event. Explanation for the expense must be attached: for example conference information showing dates, city etc. Original receipts are required.

Any employee with a P Card must use the card to cover expenses when traveling and for miscellaneous purchases. We will not reimburse for hotel, airfare, meals, etc when the traveler is in possession of a University Visa card.

Reimbursements \$25 or less are to be done through petty cash at the Business Office. The original receipts and an approved check disbursement form with the budget number and appropriate signatures are required.
